

FIG. 1

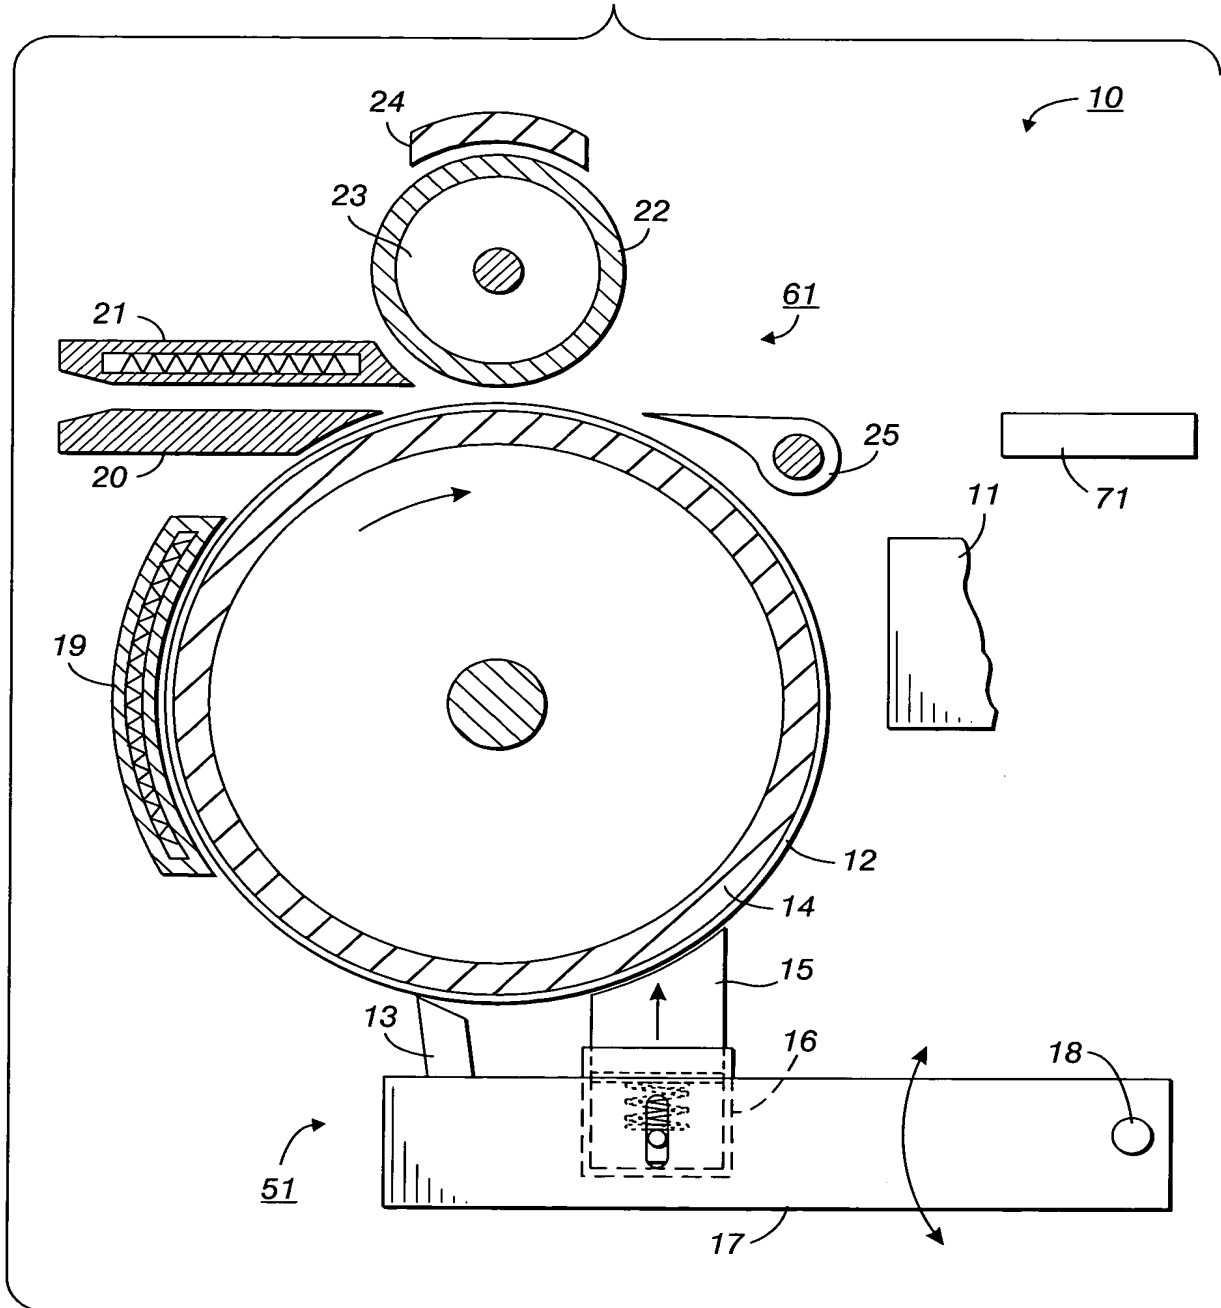

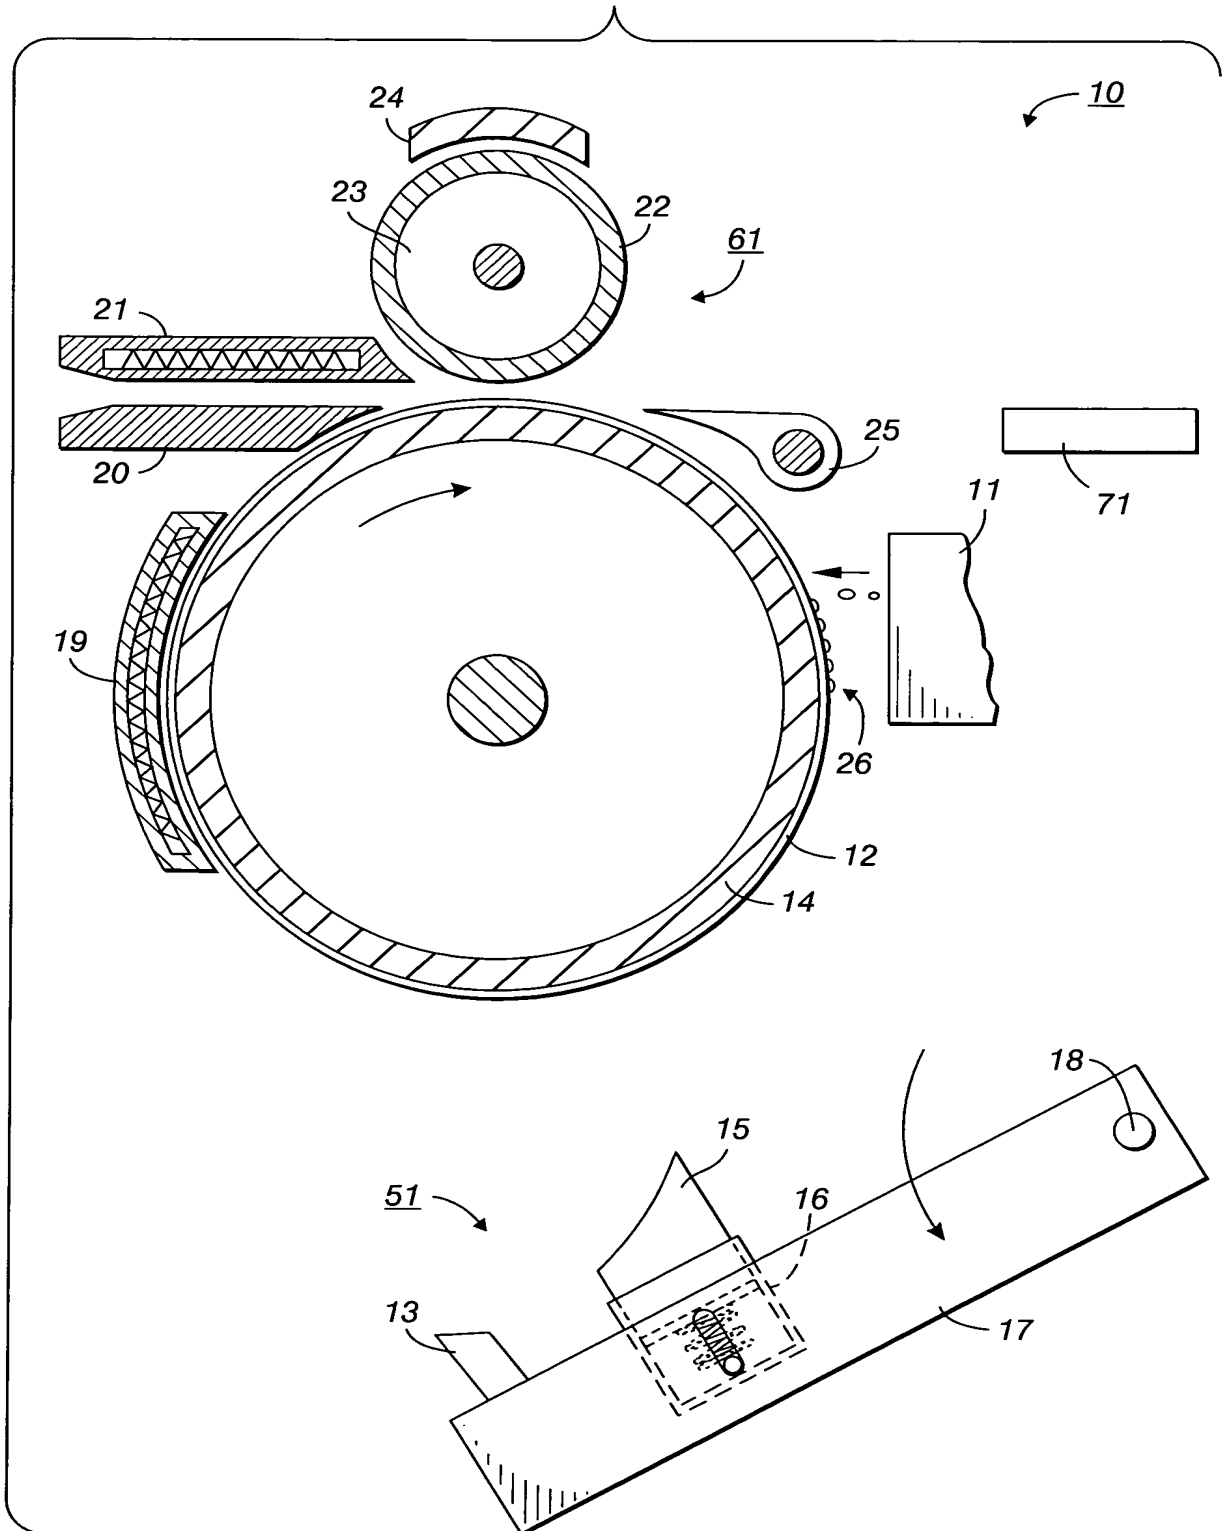

FIG. 2

The technical drawing illustrates a mechanical assembly 10. The top view shows a large circular component 12 with a central hub 14 and a textured outer rim 19. A smaller circular component 22 with a central hub 23 and a textured outer rim 24 is positioned above it. A horizontal bar 28 is located to the right of the large component, with a small circular feature 25 on its left end. A rectangular block 71 is positioned to the right of the bar. A curved, irregularly shaped component 11 is also shown. A perspective view of a sub-assembly 51 is shown below, featuring a rectangular plate 17 with a circular feature 18 at one end. A spring 16 is mounted on the plate, with a lever arm 15 and a pin 13 attached to it.
